# CENTRAL KITCHEN

## FDA CERTIFIED

Cali-Mex central kitchen with an area of more than 5000 sq. feet is equipped with the highest standard of cooking equipment making fresh ingredients every day for delivery to our stores as well as serving catering orders.

Perfectly baked tortillas are very important for high-quality Mexican cuisine. We have our own in-house tortilla machine imported from Mexico baking fresh and healthy wheat-flour tortillas every day!

We take pride in having a huge variety of delicious vegetarian options in burritos / tacos / quesadillas / enchiladas / Fajitas and a lot more. Our Mexican sauces in 4 different spice levels are all vegetarian and have become very very popular. Our super-flavoured Guacamole is also vegetarian and prepared with the best Avocados in Thailand!

In order to maintain the highest standards of food quality, we are also FDA and GMP certified.

## OUR EXECUTIVE CHEF – PETER RUSSEL HOLMES

We proudly introduce Peter Russel Holmes as the Executive Chef in charge of Cali-Mex Thailand's Kitchen operations.

Peter's experience spans from resort F&B kitchen operation building to executive consultancy in the field and more recently, Executive Chef for the well known Hooters Asia outlets. He is well-versed with the trends in Thailand's growing F&B industry.

With more than 20 years combined experience in hospitality management and more than a decade presiding over teams in Asia, Peter has the technical skills combined with the drive and enthusiasm to build and lead high performing teams;

Peter's job title as Executive Chef at Cali-Mex encompasses being in charge of all food related aspects of the organisation. This starts from kitchen design, choosing food suppliers, creating all recipes and menus, food costs, staff hiring and training; not to mention promotions and special offers. If this sounds like a tall order, there's more; he's also responsible for the entire central kitchen operation: cooking schedules, food being delivered to outlets and stock control

He is always focused on keeping the Cali-Mex food concept constantly innovative and consistent!

He possess the essential four P's for proven success in this industry – Passion, Presentation, Production and Performance.
